

# Agilent Seahorse XF Calibrant

p/n 100840-000 (500 mL), 103059-000 (100 mL)

## Data Sheet

XF Calibrant is optimized for XF sensor cartridge calibration. The calibrant is premixed and ready to use. XF Calibrant should be stored at room temperature. This material is not believed to be toxic, hazardous, or dangerous to health according to OSHA regulations.

Instructions for hydrating sensor cartridges with XF Calibrant can be found on the Agilent website at: <https://www.agilent.com/en/product/cell-analysis/how-to-run-an-assay>.

### XF Calibrant Specifications

Volumes	500 mL, 100 mL
Storage	Room temperature
Expiration	2 years when properly stored
